| AH | REMARKS |
|----|--|
| AH | Remarks may be added about any entry or activity on the report for which additional information may be useful. Please note risk management arrangement between PIHP and Affiliates. |
| AH | The following examination adjustments were made to agree CMHPSM's examined FSR to the CMHSP examined FSRs: |
| AH | - Row AG115 Affiliate Contracts (Livingston) was increased from \$55,529 to \$59,249; a difference of \$3,720 |
| AH | - Row AG202 Expenditure - Health Home Services (Livingston) was decreased from \$59,378 to \$59,249; a difference of \$(129) |
| AH | - Row AG204 Surplus Funding Retained (CMHPSM) was decreased from \$60,000 to \$56,280; a difference of \$(3,720) |
| AH | - Row AG325 Info only - Affiliate Total Redirected Funds - IC390 (Livingston) was decreased from \$3,849 to \$0; a difference of \$(3,849) |
| AH | |
| AH | Preparer's note: There is a difference in the amount reported by Livingston on Row AG325 and the amount reported by CMHPSM for Livingston on Row AG325. During testing at CMHPSM, it was determined that Health Homes revenues for Livingston (Row AG115) should be increased to match Health Home expenditures for Livingston (Row AG202). After the examination adjustment was made to agree Livingston's Health Home revenues and expenditures, there was no longer a need for Livingston to redirect funds on Row AG325 Info only - Affiliate Total Redirected Funds. Livingston's compliance report was issued on June 24, 2024 which was prior to the completion of testing for CMHPSM and therefore the increase in Health Home revenues and elimination of the redirection was not included in the Livingston's compliance report. |

During our compliance audit, we may have become aware of matters that are opportunities for strengthening internal controls, improving compliance, and increasing operating efficiency. These comments and recommendations are expected to have an impact greater than \$25,000, but not individually or cumulatively be material weaknesses in internal control over the Medicaid Contract and/or General Fund Contract. Furthermore, we consider these matters to be immaterial deficiencies, not findings. The following comments and recommendations are in regard to those matters.

2023-01 FSR Examination Adjustments

Criteria or specific requirements:

The Contractor must provide the financial reports to the State as listed in the Medicaid Contract. Forms, instructions and other reporting resources are posted to the MDHHS website. (Contract Schedule E)

Condition:

The PIHP is not in compliance with FSR instructions.

Examination adjustments:

Examination adjustments were made to sections of the FSR. See detailed descriptions of these examination adjustments in the Explanation of Examination Adjustments section of this report.

Context and perspective:

Context and perspective have been included in the description shown on the Explanation of Examination Adjustments page of this report.

Effect:

See detailed descriptions of these examination adjustments in the Explanation of Examination Adjustments section of this report.

Recommendations:

The PIHP should review its current policies and procedures regarding the preparation and review of the Financial Status Report to assure that all amounts are reported in compliance with the reporting instructions. Specifically, a review of the final draft should be performed by a knowledgeable person who is independent from the original preparation of the report(s).

Views of responsible officials:

Management is in agreement with our recommendation.

Planned corrective action:

Management strongly agrees with this recommendation. Unfortunately, there is a very limited number of individuals anywhere who can be hired with the skills needed to adequately review the draft of a compliance audit. The short time between when the CMHs submit their final FSR, frequently the same day the PIHP report is due, makes it very difficult to hire an outside person to review the Final FSR. Competition from the private sector that pays higher salary frequently pulls staff away before they are fully trained.

The last two accountants hired by CMHPSM were good at general accounting but lacked a background in completing MDHHS reporting. As soon as these individuals were hired, we immediately began training them in the requirements of Medicaid reporting. Our current accountant has been on the job for just over six months. The FY 2024 reporting cycle is just beginning and this accountant is both helping with the preparation and being shown how to prepare the report.

Although training in the specific needs of year-end reporting to MDHHS will take more than one reporting cycle, we will continue the process until the current accountant is well versed in Medicaid reporting.

Responsible party:

Matt Berg, Chief Financial Officer

Anticipated completion date:

Communication with Those Charged with Governance at the Conclusion of the Audit

To the Members of the Board
Community Mental Health Partnership of Southeast Michigan
Ann Arbor, Michigan

We have examined Community Mental Health Partnership of Southeast Michigan's (the PIHP) compliance with the compliance requirements described in the *Compliance Examination Guidelines* issued by Michigan Department of Health and Human Services that are applicable to the Medicaid Contract and/or General Fund (GF) Contract for the year ended September 30, 2023. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you during planning. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Compliance Practices

Management is responsible for the selection and use of appropriate accounting and compliance policies. We noted no compliance matters entered into by the PIHP during the year for which there is a lack of authoritative guidance or consensus.

Accounting estimates are prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the compliance requirements, particularly those that may have an impact on the Financial Status Report (FSR). The most sensitive estimates relating to the compliance requirements were as follows:

Management uses estimates when preparing the PIHP's cost allocation workbook. The cost allocation workbook is used to spread shared costs across the programs and funding sources that benefit from these shared costs. Examples of allocation methodologies used to spread shared costs that use estimates may include full-time equivalent (FTE), square footage of space used, percentage of total salaries and wages, etc. These allocation methodologies should follow the guidance provided by the Michigan Department of Health and Human Services and 2 CFR 200 Subpart E.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. If any of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, they would be reported on Schedule of Findings as shown above. If any of the misstatements detected as a result of audit procedures were expected to have an impact greater than \$25,000, but were not material, either individually or in the aggregate, they would be reported on Comments and Recommendations as shown above.

Disagreements with Management

For purposes of this letter, a disagreement with management is an accounting, reporting, compliance, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the PIHP's compliance with the compliance requirements described in the *Compliance Examination Guidelines*. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves the PIHP's compliance with the compliance requirements or a determination of the type of auditor's opinion that may be expressed, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the PIHP's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

The PIHP's responses to the noncompliance findings identified in our examination are described in the accompanying Comments and Recommendations. The PIHP's responses were not subjected to the examination procedures applied in the examination of compliance and, accordingly, we express no opinion on the responses.

Restriction on Use

This information is intended solely for the information and use of the Board and management of the PIHP and is not intended to be, and should not be, used by anyone other than these specified parties.

Sincerely,
